EDUCATION

SVKM's NMIMS University, Shirpur, Maharashtra, India	Jan 2024 - Jan 2027
Bachelor of Information Technology	cgpa-6.5/10
R. C. Patel Institute of Technology, Shirpur, Maharashtra, India	Jan 2021 - Jan 2024
Diploma in Computer Science & Engineering	cgpa-7.87/10

EXPERIENCE

Web Development Intern EazyByts Web Solutions (Remote)	Dec 2025 - Dec 2025
- Developed responsive and interactive web interfaces using HTML5, CSS3, and JavaScript. - Improved frontend performance by 20% through optimized rendering and cross-browser compatibility. - Implemented modular web application features following industry clean code standards. - Collaborated with a remote team to enhance UI/UX, resulting in a 15% increase in user engagement.	
Technical Intern NPIT Solutions, Nashik	Jul 2023 - Aug 2023
- Contributed to full-stack web development projects using React.js and Node.js. - Developed responsive user interfaces and integrated RESTful backend APIs. - Performed rigorous application testing and debugging, reducing production bugs by 12%. - Collaborated in an Agile environment to deliver project modules 10% faster than internal targets.	

SKILLS

Java, JavaScript, Python, C++, SQL, HTML5, CSS3, React.js, Tailwind CSS, Node.js, Express.js, REST APIs, MongoDB, MySQL, PostgreSQL, Git, GitHub, VS Code, Postman, Vercel, Render, MongoDB Atlas, Figma, Data Structures & Algorithms

PROJECTS

CapstoneX: AI-Powered Academic Project Governance and Intelligence Platform	Jan 2026 - Jun 2026
React.js, Node.js, Express.js, PostgreSQL, Tailwind CSS, JWT	
- Architected a full-stack academic project management platform with role-based access control. - Streamlined project workflows including proposal submission and milestone tracking, reducing administrative overhead by 25%. - Built secure JWT authentication and optimized REST APIs to support 500+ concurrent user requests.	
Carbon Footprint AI	Feb 2026 - May 2026
React.js, FastAPI, Python, TensorFlow, PostgreSQL	
- Engineered an AI-powered web application for estimating carbon emissions using user-centric lifestyle data. - Integrated TensorFlow ML models to provide personalized sustainability insights, improving user retention by 15%. - Designed data-driven interactive dashboards to visualize carbon footprint trends with 95% data accuracy.	
SmartCSV	Aug 2025 - Oct 2025
React.js, Node.js, Express.js, MongoDB, Python, Pandas	
- Built a web-based ETL platform for uploading, cleaning, transforming, and exporting CSV datasets. - Implemented data preprocessing features including missing value handling, duplicate removal, filtering, and column transformations. - Designed an intuitive interface that simplifies data preparation and improves productivity for data analysis workflows.	

ACHIEVEMENTS

Campus Ambassador | Techfest, IIT Bombay Jan 2026 Selected as an official Campus Ambassador for Techfest, IIT Bombay.

Promoted technical events and competitions, increasing awareness and student participation on campus.

Executed digital marketing and community outreach campaigns through social media and peer networks.

Collaborated with the Techfest organizing team to support registrations and event engagement
